## MCC Standing Committees' Chairmen election postponed

# Flash stir by Congress Corporators

## Lock MCC Commissioner's Office; Sit on protest in front of Mayor's Chamber

Mysuru, Feb. 2 (MTY&BS)- Tension prevailed for some time at Mysuru City Corporation (MCC) premises this morning as the elections of Chairmen to four Standing Committees of the MCC was postponed for the fourth time in a row, triggering flash protest by Congress Corporators.

The irked Corporators were led by former Mayor and sitting Corporator Ayub Khan, who allegedly broke a flower pot kept in front of MCC Commissioner's Office in the first floor of the Main Office building. The Corporators also locked the door of Old Council Hall and the Commissioner's Office on the same floor. However, later it was heard that the pot was broken when somebody among the group accidentally stepped on it.

Nevertheless, the Congress' bid to lock the door of Mayor Shivakumar's chamber went in vain as a posse of Policemen from Krishnaraja Police Station, who were on the spot, restrained them citing reasons.

Unfazed, the Corporators staged a sit-in protest in front of Mayor's chamber and raised slogans, alleging unscrupulous ways being practised by the First Citizen of Mysuru, by calling the shots in connivance with the officials to postpone the elections.

While the members to four Standing Committees — Taxation, Finance and Appeals Standing Committee, Public Health, Education and Social Justice Standing Committee, City Planning and Reforms Standing Committee and Accounts Standing Committee — were elected during Mayoral elections held on Sept. 6, 2022, the elections of Chairmen were pending. The procedures related to elections scheduled at 11.30 am were underway, when the Mayor allegedly sent a note to the Council Secretary regarding the postponement of elections. Before that, the Mayor had called back BJP and JD(S) Corporators, thus creating a lack of quorum. This, however, enraged the Congress Corporators.

Speaking to media persons, Ayub Khan alleged, "The Mayor is acting like a dictator and is postponing the elections to Standing Committees, with the ulterior motive of passing the bills on his own. Despite specific instructions from the Regional Commissioner's Office to conduct the elections at the earliest, the Mayor is creating hurdles. The officers are also acting like puppets of the BJP and the recalling of JD(S) Corporators shows that they have a secret pact with the ruling BJP."

Ayub Khan further alleged that such arbitrary moves will lead to corrupt practices and also bribery, thus proving a bottleneck in developmental works.

Congress Corporators including former Mayor Pushpalatha Jagannath, former Deputy Mayors Shanthakumari and Sridhar, J. Gopi, Lokesh (Piya), Bahujan Samaj Party (BSP) Corporator Begum (Pallavi) and others took part in the protest.

# 1.3 lakh property owners yet to take Property Cards

Mysuru Feb. 2 (RK&BCT)- The property survey under Urban Property Ownership Record (UPOR) has been completed and the Department of Land Records has accounted for over 4.5 lakh properties in Mysuru city and the surrounding 42 villages as per the Comprehensive Development Plan (CDP), also known as the Master Plan.

Of the properties surveyed, nearly 1,30,000 property owners are yet to take their UPOR Property Cards. Speaking to *Star of Mysore* this morning, **Regional Joint Director, of Land Records, Mysuru Division Prasad V. Kulkarni** said that the Department has completed the survey task as per the UPOR aims and objectives.

*Prasad V. Kulkarni*

"The Property Cards are issued only for properties that come under the Mysuru urban areas. Till Feb. 1, within Mysuru city, we have surveyed 3,25,773 properties and have collected 2,21,612 documents from the residents. Over 1,30,000 property owners are yet to take their final Property Cards," he said.

UPOR is a landmark project in Karnataka to create digitised, geo-referenced and unique identity records for property in urban areas and issue Property Cards to owners. It was launched in 2014 in Mysuru, Shivamogga and Mangaluru on a pilot basis. The objective is to prevent cheating in land deals and protect Government land from fraudsters.

## EDITOR'S BOTTOMLINE

***My biggest contribution to Karnataka, undoubtedly, was the mid-day meal scheme for school children. It all started when I was touring North Karnataka as the CM and I saw four frail school girls walking back home at around 6.30 pm. I spoke to them, and they revealed to me that they had not had a meal since 7 am. This reminded me of Swami Vivekananda's famous quote: "Spirituality cannot be taught on an empty stomach." After returning to Bengaluru, I convened a meeting of the Finance Department and asked them to set aside Rs. 300 crore to start the mid-day meal scheme.***

***And, my biggest regret, undoubtedly, is dissolving the Assembly six months before my five-year tenure was to end in 2004 — a Himalayan blunder. The second blunder was accepting the Maharashtra Governor's post offered to me by Congress. Instead, I should've continued here as Leader of the Opposition. I should've continued in State politics for some more time. Whenever Congress would have come back to power, I'd have been the CM, and it would have given me an opportunity to improve Bengaluru's infrastructure to meet global standards.*** — *S.M. Krishna, former Chief Minister, in Deccan Herald*

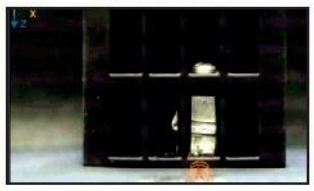
### Liquifying and resolidifying Robot



Pennsylvania: A team of scientists has created a tiny robot that can melt itself and then resolidify on command in order to pass through tight spaces.

To create this robot, the international team of scientists embedded microscopic chunks of magnetic neodymium, boron and iron into liquid gallium, a metal that has a very low melting point.

Then, by using magnets to command the miniature robot to melt and turn into a puddle, they guided it through the bars of a cage, before having it resolidify into the original shape on the other side.

In a series of tests, the magnetically-controlled miniature robots were able to jump over obstacles, scale walls and split in half in order to perform a series of tasks, like soldering circuits, delivering medication and clearing foreign objects from a model stomach.

### Stunning 3D murals of Wild Drawing

Athens: Wild Drawing is a talented street artist who specialises in stunning 3D murals that turn transform bland structures into works of art.

Born in Bali, Wild Drawing (WD) first got into street art in the year 2000 during his studies at the School of Fine Arts. He and his colleagues were often protesting school policies with large, intricate banners and that made him realize that large images visible in the public space can have a big impact on society. A few years back, WD moved to Greece and he has been unleashing his artistic talent on the streets of Athens ever since. Drawing inspiration from nature, art, social phenomena, and even politics, Wild Drawings creates colorful compositions that always catch the eyes of passers-by.

Wild Drawing experimented with a variety of techniques, from paste-ups and stencils to freehand murals, but he ultimately settled on murals as his favorite art form.

### No extension of rebate in water bill for adopting rain water harvesting

Sir,

We, the senior citizens of Ramakrishnanagar in city, are engaged in environmental and social volunteering services in our locality. On behalf of all the residents who have installed Rain Water Harvesting (RWH) facility, we are highlighting our grievances.

With great fanfare, Mysuru City Corporation (MCC) came out with an announcement on on Jan.25, 2021 that to encourage rain water harvesting, they will extend rebate of 10 per cent in water bill and the consumers have to submit prescribed application form with necessary documents. The same was done by us in the year 2021 and the rebate was extended for a year.

After completion of one year, the rebate extension was stopped and on enquiry, we were asked to renew the application.

We obliged again and on Sept. 21, 2022 we submitted renewal application against an acknowledgement. Despite several follow ups with the authorities concerned at Vani Vilas Water Works (VVWW), the rebate extension is not permitted and we are totally dissatisfied with the service extended and encouragement given by the MCC/ VVWW to install RWH.

Even today we have received a bill from VVWW and there is sign of extension of the facility.

# Act tough against tobacco sales in restricted zones: DC

Mysuru, Feb. 2 (RK&BS)- Deputy Commissioner (DC) Dr. K.V. Rajendra has instructed the officers of Health and Family Welfare Department to pull up their socks and act tough by checking the sales of tobacco products within 100 metres radius of schools, colleges and hospitals. The DC also offered to recommend the names of best performing officers for Sarvottama Seva Prashasti (award) conferred every year on best officers in each Departments.

Chairing the tri-monthly progress review meeting of District Tobacco Control Cell at Zilla Panchayat auditorium here yesterday, the DC questioned the officers, whether it has come to their notice, the sales of beedi, cigarette and other tobacco products in a blatant manner near educational institutions and hospitals and the stalls at KSRTC Bus Stands at various places in the district including Mysuru City, Taluk and Hobli Centres.

As per Cigarettes and Other Tobacco Products Act (COTPA), selling of beedi, cigarette and other tobacco products within 100 metres radius of restricted areas is a clear violation of law. Hence frequent drives should be conducted and cases should be booked, besides closing such shops,DC Dr. Rajendra said.

"Like we take care of our health, we should care for public health too, by using power so that tobacco products are not accessible to students and patients. The officers of other departments should coordinate with Health and Family Welfare Department and conduct raids and effectively implement COTPA," he said.

The officers of Health and Family Welfare Department told the DC, "We have conducted raids and inspected all the 65 wards in Mysuru City Corporation (MCC) limits. A total of 14 hookah bars have been closed so far and some among them have even moved Court against local body arguing that COTPA is not applicable to them."

Following this, the Deputy Commissioner directed the officers to form teams and conduct raids and book the cases in case of any violations and close the shops.

"Those who act swiftly will be recommended for Sarvottama Award. Be honest in job, as it is a serious issue and should work with a feeling that even others health is also like ours," the DC said.

District Health Officer (DHO) Dr. K.H. Prasad, who too spoke said "We have been keeping a tab on advertisements promoting consumption of cigarette and tobacco products. Under Section-4, 1,218 cases have been booked in the district and a total of Rs. 1,34,820 fine has been collected from the offenders for selling tobacco products in public places. Under Section 6 'A' , 482 cases were booked and Rs. 52,300 fine has been collected, while under Section 6 'B', 35 cases were booked and Rs 4,100 fine was collected. Besides, 48 raids were conducted from April 2022 to Dec.2022 and 1,735 cases were booked, with a total of Rs. 1,91,220 fine collected till date."

Deputy Commissioner Dr. K. V. Rajendra also directed the subordinate officers to serve a show-cause notice on the officers who skipped the meeting and submit action taken report. Disciplinary action will be initiated against the officers for laxity, warned DC.

Deputy Commissioner Dr. Rajendra also directed the officers to create awareness against consumption of beedi, cigarette and other tobacco products and its harmful effects on health to the public.

"COTPA should be extensively publicised and ensure that warning boards are displayed at every shops," he added.

Police, Education, Health and Family Welfare Department, Zilla Panchayat, Mysuru City Corporation and Panchayat Development Officers (PDOs) of Gram Panchayats should also create awareness against the use of tobacco products, the DC said.

Deputy Director of Public Instruction (DDPI) Ramachandra Raje Urs, Senior Health Officer of Mysuru City Corporation (MCC) Dr. D.G. Nagaraj and district level officers of various departments attended the meeting.

# Four cheated of Rs. 45 lakh after being promised sites

Mysuru, Feb. 2- Alanahalli Police have registered a case against four persons of a family on charges of allegedly cheating four persons to the tune of Rs. 45 lakh after promising them sites.

Based on a complaint from one Govindaraju of Gandhinagar, cases have been registered against city's Jwalamukhi Tripura Sundari Seva Sangha President N. Ramachandra, his wife Asha and children Kuldeep and Punyashree.

**Details:** It is learnt that the Government had sanctioned 9 acre and 1 gunta land to Jwalamukhi Tripura Sundari Seva Sangha in Survey No. 30 at Lalithadripura in 2010 and Ramachandra is accused of collecting money from many persons promising them sites at the sanctioned land.

According to the complaint by Govindaraju, Ramachandra had taken a total of Rs. 45 lakh from Srinath, Sunkalingegowda, Shivamallu and him for the sites and whenever they approached Ramachandra to enquire about the sites, they were abused by Ramachandra, his wife and children using foul language.

Alanahalli Police, who have registered a case, are investigating.

# Rider killed as car rams into bike

Mysuru, Feb. 2- A two-wheeler rider was killed on the spot when an unidentified car rammed into the bike he was riding near Sri Lakshmi Kalyana Mantap on Mysuru-T. Narasipur Road on Jan. 29 evening.

The deceased has been identified as Jagadish (31), a resident of Kyathanahalli village in Srirangapatna taluk.

Jagadish was proceeding on his bike (KA-11-EP-9673) from Vasanthanagar towards the Ring Road, when an unidentified speeding car rammed into his bike at about 6.45 pm, killing him on the spot. A case has been registered at Siddarthanagar Traffic Police Station.

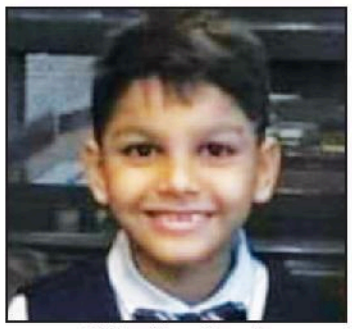
# Meet 8-year-old Chiranthan Gowda: The 'Human Calculator' of Mysuru



*Chiranthan Gowda*

***Chiranthan Gowda demonstrates his Mathematical skills at Platinum Jubilee auditorium of MMC&RI in city recently as** (from left) **Akash Ganapathy Uthappa, Founder of Math Junior, Dr. K.C. Belliappa, former VC of Rajiv Gandhi University, Itanagar, Arunachal Pradesh and Dr. B.P. Sreekanta Gupta, Principal of Advanced Engineering Group, look on.***

Mysuru, Feb. 2 (BS)- Unlike a few, who dread over the very mention of Mathematics, here is an eight-year-old boy, for whom it's like biting a favourite chocolate.

The exceptional talent was on display at the Platinum Jubilee Auditorium of Mysore Medical College and Research Institute (MMC&RI) in city on Jan. 29.

**Chiranthan M. Gowda** is that young prodigy, who was conferred the title 'Human Calculator' at 'Nakshatra 23,' the annual award ceremony, organised by Math Junior, a Mathematics and Robotics Institute at Vijayanagar in city.

**Count in no time**

As the master of the ceremony read out the numbers displayed on screen — three digits and four digits — Chiranthan Gowda went on to tell the remainders of divisions in a jiffy, followed by rapid round and additions, by doing calculations with the tip of his right hand fingers, to the applause of the gathering, which included parents accompanying their equally curious wards.

He owed his Mathematical feat to Kaveri (wife of Akash Ganapathy Uthappa, Founder of Math Junior), whom he attributed for participating in several national and international events.

Chiranthan, a 4th std. student of St. Joseph's Central School, Vijayanagar, is the son of Manoj Kumar and Punya, residents of Kumbarakoppal.

**Rubik's Cube**

**Rishaan Harsha** was another child prodigy, who using a Rubik's Cube, came out with Mathematic solutions, which left many including the dignitaries spell-bound. A student of Excel Public School, Mysuru, the 9-year-old Rishaan is the son of M.V. Harsha and Shilpa Srinivas, residents of Vijayanagar 1st Stage.

Former Vice-Chancellor of Rajiv Gandhi University, Itanagar, Arunachal Pradesh, Dr. K.C. Belliappa, who inaugurated the function, listed the names of several achievers who rose to heights in life from their humble background.

**Faster than Computer**

Recalling his student days at Yuvaraja's College in 1969, Belliappa said "I was a witness to the talent of renowned Mathematician late Shakuntala Devi (who was popularly known as Human Computer), who had demonstrated her skills at the College. She was faster than a computer."

Author and HoD of Mathematics at NIE, Mysuru, Dr. K. S. Chandrashekar who could not make it to the programme due to unavoidable circumstances, had sent a message, that was read out on the occasion.

**Founder speaks**

Akash Ganapathy Uthappa, Founder of Math Junior, spoke on how Gurus play a key role in shaping the future of their students.

"Father of Constitution Dr. B.R. Ambedkar is still regarded as the greatest scholar in the world. The credit goes to his teacher Mahadev Ambedkar (who gave his surname to Ambedkar against his earlier surname Ambavadekar), who showed the path of determination against several obstacles. Likewise, Aerospace Engineer Satish Dhawan, Scientist and former President of India Dr. A.P.J. Abdul Kalam, Sri Ramakrishna Paramahamsa, Swami Vivekananda and several others, make the successful combinations, who continue to inspire others," said Akash Ganapathy Uthappa.

**Different feat**

Retired Principal Dr. Asha, who is also the neighbour of Kaveri and Akash Ganapathy Uthappa couple, described how the couple chose a path less trodden by others.

"Having a cushy job at Infosys which is the dream of many, the two called it off one day to venture on their own. It is indeed a remarkable feet," lauded Dr. Asha.

**Tech advancement**

Principal of Advanced Engineering Group Dr. B.P. Sreekanta Gupta, who is also the Chief Mentor, Robotics and Autonomous COE, Infosys, Mysuru, spoke on the advancement of technology in different fields that has made access to several services easy.

**Prize distribution**

Prizes were distributed to the winners of Vedic Maths, Abacus — levels 1, 2,3, 6 and 7 under the category of National Champions, followed by runners. In all, 120 children had participated in the competitions organised as part of National Mathematics Day 2022.

# Rheumatoid Arthritis: Awareness and Myths

**By Dr. Mahabaleshwar Mamadapur**
Consultant Rheumatologist
JSS Hospital
Mysuru

Rheumatoid Arthritis (RA) Awareness Day is held every year on Feb. 2. The day was created in 2013 by Rheumatoid Patient Foundation to help create awareness among those suffering with RA and to clear their misconceptions about this chronic disease.

According to Indian COPCORD survey, RA is seen in about three people per 1,000 population. RA is a chronic autoimmune disease, which means that our immune system attacks our body's own tissue instead of germs and viruses. RA causes inflammation of the joint lining causing painful, redness and swollen joints. RA commonly affects joints in hands, wrists and knees, usually many joints at once.

### Risk factors for RA

The reason for getting RA is not correctly known. It has been proposed that the genetic and environmental changes can play a role.

**Age:** RA can be seen in any age. It affects people in 30-60 age group more commonly.

**Gender:** It is 2-3 times more common in females than males.

**Others:** Smoking and obesity can increase susceptibility to RA.

### Common Symptoms

Joint pain and swelling in more than one joint; early morning stiffness in the joints which may last more than 30 minutes; difficulty in making fist; stretching arms; tiredness, anxiety, depression and anaemia.

### Less common

Weight loss, dry eyes, nodules over elbow, hands and face, inflammation of other body parts like lungs, heart, nerves and blood vessels.

### Diagnosis of RA

RA is diagnosed by eliciting the symptoms, clinical examination and results of blood tests. Sometimes X rays, USG scans may be needed. Blood tests that are helpful are RF, Anti CCP, ESR or CRP.

### Treatment options

There are mainly four groups of drugs — Analgesics (Painkillers), Non Steroidal Anti-Inflammatory Drugs (NSAIDs) and Disease-Modifying Anti-rheumatic Drugs (DMARDs). DMARDs take 6-8 weeks for complete action. Hence Steroids are used as bridging therapy. Regular follow up is the most important part of treatment. The safety and efficacy of drugs need monitoring at regular intervals.

### Complications of RA

If left untreated, RA may cause joint damage, deformities, problems in the heart, lungs, nerves, stroke, osteoporosis etc.

### Diet

Studies have shown that Mediterranean diet with lot of fruits and fresh vegetables decreases inflammation.

Avoid smoking, processed food like bakery items and use less salt.

### Exercise

Experts recommend physical activity of 30 minutes per day for five days a week in the form of walking and swimming.

### Misconceptions

**Myth:** RA patients have to take steroids lifelong.

**Truth:** No. You may need steroids in the initial stages for disease control.

**Myth:** RA is a part of aging.

**Truth:** RA can affect any age. However, it is more common in 30-60 years of age.

**Myth:** RA only affects the joints.

**Truth:** RA can affect lungs, heart, blood vessels, nerves, eyes along with joints.

**Myth:** If you feel better, medications are no longer necessary.

**Truth:** RA is a chronic disease like Diabetes, Hypertension. You may require a few drugs to keep the disease under control.

**Myth:** Exercise is bad for RA.

**Truth:** People with RA who exercise often have less pain than those who don't. Research shows that aerobic, resistive and aquatic exercise reduce physical limitations and improve body function.

**Remember:** If you have painful swollen joints and stiffness in morning lasting for longer than 30 minutes, please consult your doctor.

# Four lakh properties surveyed in Mysuru

Mysuru Feb. 2 (MK&BCT)- The survey of all the four lakh properties in Mysuru has been completed and Property Cards are being distributed to the house owners. But over 40 percent of the property owners are yet to receive their cards, said M.V. Nagesh, Superintendent (Executive), Office of Land Records Department.

He was speaking on the topic 'Land Records in Karnataka' at an interaction organised by National Real Estate Development Council (NAREDCO), Mysuru, at Hotel Southern Star on Jan. 31. "UPOR (Urban Property Ownership Record) was introduced in Mysuru city way back in 2010 to digitise the property records along with Mangaluru and Shivamogga.

"Though the Department of Land Records has completed the survey of all properties in Mysuru and have readied the Property Cards, there is a lack of enthusiasm among owners to procure the cards and 30 to 40 percent of property owners have not taken the cards," he added.

Property documents have been handed over to the owners during the survey and they can produce the documents to obtain the Property Cards at the Department of Land Records near new DC Office, he said.

NAREDCO Mysuru President T.G. Adisheshan Gowda said the interaction has been organised to educate the stakeholders of real estate for ease of business and to spread awareness on land records and technicalities involved. NAREDCO Mysuru Unit Chairman N. Divyesh, office-bearers V.C. Ravikumar, S. Phaniraj, G.K. Sudhindra, Ullas and others were present.

# 1.3 lakh property owners yet to take Property Cards

## SVAMITVA and resurvey with drones to begin in Mysuru, Chamarajanagar and Kodagu

**(Continued from page 1)**

Under the project, properties in Mysuru city and the surrounding 42 villages that are attached to the city areas have been surveyed and the properties include not only private but also Government properties, Prasad informed.

"It is a comprehensive survey of the properties, digitising the data and creating records embedded with spatial details based on GIS survey, land mapping, recording the mutation if any besides mentioning ownership details, he added.

### Ownership records

"Similar to RTC for rural properties, UPOR is ownership records for properties in urban areas. UPOR consists of various other details such as shape and the area of property and various encumbrances on the property like bank loans etc.

Under this project, every property will have correct information about the land and Record of Rights. The information about the owner, dimensions of the property, the directions of the property and other accurate details will be provided.

The key benefits of Property Cards are banks will be certain that the property belongs to buyer and can sanction loans, Courts can dispose of property-related cases, City and Municipality Corporations will have comprehensive database and the Property Card will also have exact GPS coordinates of each property, helping owner find out corners of his property on the ground even after hundreds of years.

### SVAMITVA and resurvey tasks

The Department of Land Records is embarking on another ambitious project in Mysuru rural areas, Kodagu, Chamarajanagar and Chikkamagalur from February — SVAMITVA (Survey of villages and mapping with improvised technology in village areas) and resurvey.

"SVAMITVA scheme is a reformative step towards establishment of clear ownership of property in rural inhabited areas, by mapping of land parcels using drone technology and providing Record of Rights to village household owners with issuance of legal ownership cards (Property Cards/Title Deeds) to the property owners," Prasad explained.

The scheme covers many aspects like facilitating monetisation of properties and enabling bank loan, reducing property related disputes, comprehensive village level planning and would be the stepping-stone towards achieving Gram Swaraj in true sense, he added.

The team that will be carrying out the above tasks are Deputy Director and UPOR Project Officer E. Gopalaiah, Superintendent of Land Records Department M.V. Nagesh and Deputy Director of Land Records Seemanthini. Their office will be located at the new Deputy Commissioner's Office on Bannur Road.

For details of obtaining UPOR application and final certificate, one can visit the website *https://rdservices.karnataka.gov.in/upor_citizen*. One can also personally visit the UPOR Office near the Government Guest House in Nazarbad, Mysuru.

# Mysore University Research Scholars stage stir for stipend

Mysuru, Feb. 2 (RKB&BS)- Demanding the release of funds sanctioned by the Government for the stipend of SC/ ST Research Scholars, the members of Mysore University Research Scholars Association staged a protest in front of the statue of Rashtrakavi Kuvempu at the main entrance of Manasagangothri in city yesterday.

Raising slogans against the varsity, the protesters said that "State Government has sanctioned Rs 2.57 crore in Nov. 2022 itself, but the officers of the Varsity are yet to credit the stipend amount to the bank accounts of research scholars. The Government has released the stipend totalling Rs. 11.25 crore for SC and Rs. 4.66 crore for ST Research Scholars. Though other varsities have paid the stipend, the University of Mysore authorities are wasting time by coming out with lame excuses," the protesters alleged.

As a result, the academic and research activities are going on at a snail's pace. Moreover, the varsity authorities are reasoning that, they will discuss the issue at the University Syndicate meeting, even though such subjects do not come under its purview. It has raised several questions as there are doubts over the possibilities of Varsity authorities misusing the said funds, the protesters alleged.

President of Mysore University Research Scholars Association Nataraj Shivanna said "There is no question of calling off the stir until and unless the problem is solved and the stipend is released for research scholars."

Lingaraju, Srishankar, Ranganath, Kemparaju, Mahadeva Swamy, Rangamma, Pradeep, Kallalli Kumar and others took part in the protest.

# Kodagu woman rescued from Kuwait returns to village

Siddapur, Feb. 2 (BCT)- The Kodagu woman, who was rescued from Kuwait following the intervention of Kodagu District Administration and the Ministry of External Affairs (MEA), arrived at her home last evening after her nightmarish experience on a foreign soil.

*Parvathi with her mother.*

After reaching Chennai Airport, Parvathi, came to her home at Karadigodu near Siddapur. Emotional after meeting her mother and family members, Parvathi told reporters that she would be grateful to the District Administration and the MEA for rescuing her.

"I do not have a house to call it my own and did not have a job to take care of the needs of my mother and two children. I migrated to Kerala in search of a job and worked as a house maid. I was lured to Kuwait by the agent who promised me a handsome salary with which I hoped to build a small house in Karadigodu," Parvathi said.

Narrating her ordeal in Kuwait, she said that she was harassed and tortured and had to face mental and physical trauma. "I did not know anyone there and moreover the land, language and people were unfamiliar. My passport was seized and I was illegally detained in a room. Fortunately, I had my mobile phone and I explained my plight to my mother, who complained to Kodagu Deputy Commissioner Dr. B.C. Satish," she said.

She said that the District Administration acted swiftly without any delay. "I will be indebted to the DC and all the officers who helped me come back to my home and family," she added.

As a word of caution, Parvathi advised women not to fall prey to the evil designs of agents who lure women to go to foreign countries after promising good jobs.

# Ahead of State Budget, mid-day meal workers seek their pie

Mysuru, Feb. 2 (RKB&BS)- Urging for fulfilment of various demands in the forthcoming budget, head cooks and cooking assistants of mid-day meal scheme, who are working at Government Schools in the State for the past several years, members of Karnataka State Akshara Dasoha Workers Association, Mysuru District unit staged a protest near Deputy Commissioner's Office in city yesterday.

The protestors said that the Budget should include — better pay to lead life, withdrawal of order on transferring of maintenance cost and expenditure of Ksheera Bhagya and Mid-day Meal schemes from the joint account of Head Masters and Cooks to the account of School Development Monitoring Committee (SDMC) President and Head Master.

Currently, 1,18,586 Mid-day Meal workers are discharging duties for a measly pay under Akshara Dasoha Scheme in the State. These workers are totally neglected under the Scheme as they are not being paid on time, making it difficult to maintain the family amid rising inflation. Hence it is the responsibility of the Government to give a better pay and it should be announced in the coming Budget, they demanded.

The job of Mid-day Meal workers should be regularised at the place where they have been posted or give the basic pay fixed by State Labour Department, till the services of head cook and cooking assistants are regularised. The facilities like- monthly salary, EPF and ESI fixed for schedule jobs should be extended to them. The salary should be paid within fifth of every month and pay slip should be issued, the protesters demanded.

AITUC District Secretary Chandrashekar Meti, State Secretary P.S. Sandhya, Shanthamma,Lakshmi Jayapura, Rajeshwari, Sowmya Varakod, Shivamma, Rajeshwari, Gayathri, and others took part in the protest.

# Gold, silver burgled from house

Mysuru, Feb. 2- Burglars, who broke into a house at Manasagangothri Quarters, have made away with gold ornaments and silver articles kept in the house.

The theft took place at Quarters No. 36, allotted to 45-year-old Chaluvesh, an Assistant at the Horticulture Department of Mysore University.

On Jan. 26, Chaluvesh and his family members went to their native place Mylanayakanahalli village and when they returned on Jan. 29 night, they found the door open and on inspecting the house, they found 6 grams gold ornaments and 1 kg silver articles missing.

Jayalakshmipuram Police, who have registered a case, are investigating.

# Elected to ISCA

Mysuru, Feb. 2 (SSM)- Dr. S. Srikantaswamy, Professor and Co-ordinator, Materials Science (M.Tech), Centre of Materials Science and Technology, University of Mysore, has been elected as the Executive Committee Member of the **Indian Science Congress Association (ISCA).**

*Dr. Srikantaswamy*

The Association comes under the Department of Science and Technology, Ministry of Science and Technology, Government of India.

# Our votes are not for sale: Many vouch ahead of polls

Mysuru, Feb. 2 (RKB&BS)- Leaders of various organisations have taken a pledge not to sell their votes by falling prey to inducements like money and liquor during elections, as there is a need to vote as per conscience to save the Constitution and exhibit a strong resolve.

The leaders who assembled under the aegis of Karnataka Rajya Hindulida Vargagala Jagrutha Vedike at Freedom Fighters Park at Subbarayana Kere on Narayana Shastry Road yesterday, took the pledge. In view of the forthcoming State Assembly elections, there are possibilities of politicians wooing votes with allurements. The Government and Election Commission should rein in such activities and the Election Commissioner should take stern measures, they urged.

President of Karnataka Rajya Hindulida Vargagala Jagrutha Vedike K.S. Shivaram reiterated that "According to the pledge, the voters should not sell themselves for money, liquor and other allurements during election, but should vote as per their conscience."

In a public meeting, BJP MLA Ramesh Jarkiholi has announced to buy every vote for Rs 6,000, thus making a mockery of democracy. The Election Commission should show its power by initiating action. The Election Commission will lose its value if it fails to fulfil the ethos of democracy, Shivaram said.

Writer G.P. Basavaraj, CPM District Secretary Jagadish Surya, President of Nele Hinnele Trust K.R. Gopalakrishna, progressive thinker L. Jagannath, President of Kannada Sahitya Kala Koota M. Chandrashekar, President of Rajya Nayakara Hitarakshana Vedike Dyavappa Nayaka, President of Zilla Savitha Samaja N.R. Nagesh, President of Zilla Uppara Sangha Yogesh Uppar, women leaders Vidya and Bhavya, leaders Lokesh Kumar, Mahendra Kaginele, Nihal, R.K. Ravi, Sunil, Narayan and others took the pledge.

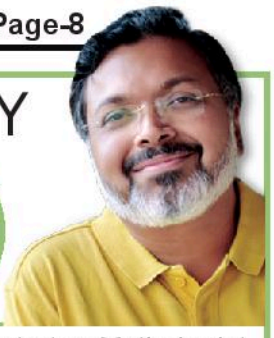
# DECODING MYTHOLOGY



**Dr. Devdutt Pattanaik** - Author, Speaker, Illustrator, Mythologist

# Sound and Meaning of Veda

Mantra means a sound meant to connect the Gods outside *(deva)* to the God inside *(atma)*. Vedic people were convinced the Rishi did not craft these sounds; they 'saw' them in the universe and simply transmitted them. Historians see mantras of the Rig Veda as human compositions that are over 3,000 years, and contain memories of still older times. They were composed to flatter Gods and win their favour. Over time, people forgot what the words meant and so Vedanga (limbs of Veda) emerged: a collection of subjects such as etymology and grammar that helped you make sense of the sounds being chanted. Meanwhile, complex systems emerged in use of consonants *(akshara)*, vowels *(matra)* and sounds *(svara)*.

From about 2,000 years ago, when more and more people were drawn to "meaningful" Buddhist and Jain discourses, to the "meaningless" sounds of Vedic Brahmins, two schools emerged. First was the Mimansa school that valued the "experience" emerging from proper Vedic sounds heard at the right time while performing Vedic ritual. Sounds were chanted, or sung, or mumbled, or silently repeated in the mind, by experts in the Rig, Sama, Yajur and Atharva Veda.

Second was the Vedanta school that preferred philosophy. Vedanta conversations known as the Upanishad never refer to particular Vedic hymns. They speak of an idea that is communicated through the experience of mantra, not by decoding the mantra. Adi Shankara valued the Vedic idea, independent of the Vedic ritual; Ramanuja insisted that without ritual, the idea could never be truly understood. But neither paid attention to decoding the mantra for meaning.

This explains why the Vedic mantra was put down in writing much later, when its preservation by oral route was threatened, as there were fewer patrons of Brahmin transmitters. The first written document explaining meanings of Rig Vedic verses comes from Sayana in the 14th century, that is, barely 700 years ago, for a tradition over 3,000 years old.

When you hear the Veda, you can theoretically hear one sound extending forever provided the one chanting does not pause to breathe. Hence, Veda is called *eka-vakya,* one sentence. The first division of the sound is *mandala* and refers to sounds created by a Rishi and his family. We can say *mandala* means chapter. The second division is *sukta,* and refers to sounds meant for a particular deity. We can say *sukta* means poem. The third division identifies the *rig* which we can say identifies the verse. This is possible by knowing the *chhanda* (meter): it helps you identify how many lines are there in a verse, and how many words are there per line. Then you know the words *(pada)* through knowledge of grammar and etymology. Various chanting methods *(patha)* help you identify the word, for in Sanskrit words telescope and merge *(sandhi)* into each other, and so one has to split *(vicched)* sound carefully to identify words. When spoken, we can identify words and punctuation only using pause.

The Brahmins were people meant to memorise and recite the Veda flawlessly. They were not obliged to understand or decode it. Before writing became widespread, killing the Brahmin was akin to destroying Veda, and so the greatest of crimes. Vyasa, organiser of the Veda, asked Ganesha to write the Mahabharata, in order to explain Vedic ideas to common man. He insisted Ganesha "understand" what was said before writing. This was a revolution. The Brahmin, who mouthed the sounds of the Veda, and ignored the meaning, was replaced by stories, whose meaning mattered.

# Youths must focus on own venture: K. Ratna Prabha

Mysuru, Feb.2 (MTY&BS)- K. Ratna Prabha, Founder-President of UBANTU - Consortium of Women Entrepreneurs Associations, Bengaluru, has given a call to the youngsters to gain knowledge in all the fields and focus on venturing on their own by utilising available opportunities.

Ratna Prabha, who is also the retired Chief Secretary of Government of Karnataka, addressed the gathering during a seminar on 'Importance and Ways of Entrepreneurship for Youths', organised jointly by Bharateeya Vidyarthi Sangha (BVS) and University Career Hub (UCH) at B.M. Sri auditorium, University of Mysore, recently.

"Of late, many are struggling to get job. They are finding it difficult to land a job despite having the self-employment capacity. There is a growing tendency to study with the aim of getting Government job. Such youths are of restricted mindset who live within the box," rued the retired Chief Secretary.

President of Karnataka Dalit Entrepreneurs Association C.G. Srinivasan said "Nowadays there is a demand for reservation from SC, ST, backward classes and several other communities with the common intention of getting education and Government job. However, of late even the State-owned public entities are also being privatised. The youths should be aware of these developments and work towards achieving by utilising the benefits."

National-level sportsperson M.D. Nagendra (Police) and first rank holder in Common Law Admission Test (CLAT) conducted by National Law School of India University (NLSIU), Bengaluru, J. A. Gnanankith were felicitated on the occasion.

Deputy Director of District Industries Centre, Mysuru, T. T. Varadegowda, President of Mysuru District Dalit Entrepreneurs Association Manjunath, Coordinator of University Career Hub, Prof. L. Hamsaveni, Head of Akka IAS Academy, Bengaluru, Dr. Shivakumar and others were present on the occasion.

# 'Bharat Jodo Yatra created awareness on social issues'

## Dr. Shushrutha, who walked from Kanyakumari to Kashmir, feted

Mysuru, Feb. 2 (BCT)- The Bharat Jodo Yatra undertaken by Congress leader Rahul Gandhi has been able to create awareness on national integrity and has got a good response from people from all walks of life, said Dr. Shushrutha Hedna Vishnumurthy, Managing Director of Neurozone, Mysuru.

He was among the core people of 117, who have walked the entire distance from Kanyakumari to Kashmir. Speaking at a felicitation ceremony at Gopala Gowda Shanthaveri Memorial Hospital, Dr. Shushrutha said that the walk from the southern tip of India to the northern tip was a non-partisan, secular and non-religious yatra.

"We covered 3,570 kms in 150 days covering 13 States and two Union Territories. We relentlessly walked braving hot, cold, rain and storm. Overall, 200 people were selected for the yatra from India and six of them were from Karnataka and two were from Mysuru and I was fortunate to be one among them," he said.

The main purpose of the yatra was to achieve social harmony in India where vested interests are dividing the country in the name of caste and religion. "There is growing unemployment and women are not safe. The education sector needs reformation and many plans, programmes and assurances of the Governments have remained on paper. The yatra was conceptualised to highlight these issues and the response from people across the country was amazing," Dr. Shushrutha added.

Former MLA M.K. Somashekar, City Congress President R. Murthy, former Mayors B.K. Prakash, T. B. Chikkanna, Modamani and others were present.

### 7 pm : The Refund
**by Vidyavardhaka College of Engineering**

**Synopsis:** The humorous play, 'The Refund', was written by Fritz Karinthy in 1938. It was later adapted and translated by Percival Wilde. It is about a pupil named Wasserkopf who, at the age of 40, returns to his school demanding his tuition fees which was paid for his education in the school 18 years ago. Wasserkopf asserts that since he learnt nothing in school, he is owed the money. He offers to take an exam to show that he has learnt nothing, based on the premise that he can fail by giving absurd answers. But his teachers outwit him by showing that he knows enough to know exactly how much he is owed.

**Director:** Lakshmi Palecanda, Adjunct Faculty, Department of Humanities, VVCE. Lakshmi had written, adapted and directed plays during her years as an English Teacher. She is a novelist, published author and communication skills trainer.

**Cast:** Sundararajan, Stephen, Vineeta, Parinitha P. Rao, Pranav Bharadwaj, B.V. Pruthin and Grason.

## WORD OF THE DAY

### Névé

**Pronunciation:** nay-VAY.
**Meaning:** Broadly, névé refers to a field of coarse, granular snow, but when used narrowly it means "the partially compacted granular snow that forms the surface part of the upper end of a glacier."
**Origin:** Unless you live on a glacier, you're unlikely to look out your window and see névé. Névé is snow, yes, but it's not just "cold white stuff." Névé is young snow that is hard and granular, the result of partial melting, re-freezing, and compacting, and it forms surface part of upper end of a glacier. The word is often used synonymously with another cool (ahem) snow word, firn, although some reserve firn for referring to the stage between névé and glacial ice. Névé comes from the Swiss dialect of French, and, beyond that, from the Latin word for snow, nix. Our language has used this Latin root to form a veritable mountain of (mostly obscure) words for snow-related things, such as niveous ("resembling snow") and subnivean ("situated or occurring under the snow"). One nix word is, however, quite familiar: Nevada.
**Example:** "Five climbers recently visited a remote area of Strathcona Provincial Park on Vancouver Island and climbed two new winter alpine lines on Mount Albert Edward. ... The other new route was added to the peak by Kris Mutafov, Ryan Van Horne and Liam Gilchrist up the northwest face to the summit. They found solid névé broken up with a few short ice steps ..." — Gripped.com

## THE ODD WORD

**Nacarat**

Bright orange-red.

## PHRASE OF THE DAY

### Never the twain shall meet

**Meaning:** Two things which are so different as to have no opportunity to unite.
**Origin:** Twain derives from the Old English twegen, meaning two. The phrase never the twain shall meet was used by Rudyard Kipling, in his Barrack-room ballads, 1892: "Oh, East is East, and West is West, and never the twain shall meet." There, Kipling is lamenting the gulf of understanding between the British and the inhabitants of the Indian subcontinent. It may well be that he coined the phrase - at least, one can't find an earlier citation of it in print.
